GIGANTIC STEEL CORPORATION TO RIVAL TRUST IS FORMING.

Pittsburg Rumor Says John W. Gates Is Handling Scheme to Combine Independents Under One Management.

J. P. MORGAN APPROACHED

Famous Financier Was Unable to Take Up Work Because of Failing Health—Lackawanna, Bethlehem, Cambria and Others.

Another steel corporation, one that will be a real rival of the United States Steel, is in prospect, backed by some of the strongest interests in the country is reported in Pittsburg.

The new combination is to take in the largest independent of the east and middle west, and the capital will be in the hundreds of millions of dollars.

J. Pierpont Morgan, who so successfully carried the United States Steel Corporation through its reorganization, has been approached to perform a like service for the new enterprise, but has declined because of the great amount of work, and his advanced age. In his stead John W. Gates has taken up the plan, according to reliable information that has come out, and is backed up by officials and leaders in the steel trade who explained yesterday what has been done.

While all information has been guarded it is learned that the companies in the big merger are the Lackawanna Steel Company at Buffalo, the Bethlehem Steel Company, Charles M. Schwab's concern, the Cambria Steel Company at Johnstown, the Maryland Steel Company at Sparrow Point, Md., and the Jones & Laughlin Steel Company of Pittsburg.

The new corporation will be a formidable rival to the Steel Corporation, and will have a capital large enough to permit rapid expansion, and with the resources in raw materials available, will be able to withstand any competition with its competitor.

How soon this gigantic plan can be carried out is not known. In fact it is known to a certainty that for the time there has been a delay in the progress of the merging movement.

The financial interests of Lackawanna Steel Company, the Pennsylvania Steel Company and its various holdings, and the Cambria and Maryland companies, took up the issue of a combine last fall. The project was discussed at several conferences in the east and then Charles M. Schwab of the Bethlehem Steel Company was invited to join. Later the Jones & Laughlin Steel Company was approached and became interested.

The selection of these great independent companies is regarded as significant in no such as every one of them has a strong foundation in owning its own raw material supply. The Pennsylvania and Bethlehem Steel Companies each own extensive iron ore deposits in Cuba, while the Jones & Laughlin Steel Company and the Lackawanna Steel Company hold vast ore properties in the Lake Superior regions. The Lehigh River works has its own ore deposits and all of the companies have coking coal properties and coke plants; limestone deposits and steamship lines and railroad companies, to place them out of reach of any outside influence.

PENNSYLVANIANS ARE NOT PAYNE ENTHUSIASTS

Congressmen Inclined to Oppose New Tariff Schedules—Danzon Explains Its Features.

Special to The Courier. WASHINGTON, March 18.—The Payne Tariff Bill, which was introduced in the House of Representatives yesterday by the Ways and Means Committee, has been the sole topic of discussion among the Pennsylvania Congressmen.

Representative Danzou has come out strongly in defense of the measure, Senator Boies Penrose's simple comment was that history would repeat itself and the real tariff bill would be made in the Senate.

Commenting upon the Payne bill, Congressman Danzou said yesterday: "When you ask me if I am satisfied with this bill I must say that I had made it myself it probably would have been in some other shape. The bill, however, in my judgment, is the best that possibly could have been made, taking into consideration all the circumstances to which I have alluded."

So far as the metal schedule is concerned the most radical change is in putting iron ore on the free list. This is a proposition that was advocated by our Eastern friends at the time the Dingley bill was made, the most earnest advocates at that time of free iron ore being the Pennsylvania and Lackawanna Steel Companies. The bill, however, was not passed, and the Payne bill is now being introduced.

ore and similar heavy products. Iron ore being in the free list, of course, justifies a reduction in pig iron. This duty on steel rails has been cut in half. The cuts on the various other items in the metal schedule were justified, in the judgment of the committee, taking into consideration the relation of the imports of each of the various products to the total production of the country, and having in view also the necessity of providing sufficient revenue for the Government's needs.

Thimble is reduced to the rate that was imposed upon it in the Wilson bill, upon the evidence of our implate manufacturers that the industry could stand that reduction.

Congressman Allen F. Cooper of the Twenty-third District, who represents the bituminous coal interests, declined to discuss the bill until he had read it carefully. He doubted the wisdom of many of the schedules. Senator Graham said he could not stand for the metal cuts, and is prepared to resist them.

The Committee on Finance will meet tomorrow and begin consideration of the Payne bill, said Senator Penrose today. "I do not care to express an opinion upon it, but I have no doubt history will repeat itself and that the tariff bill will be made here in the Senate. If the schedules have been fixed too low by the House Committee we can correct them in the Senate."

Col. George F. Huff of Greensburg, who also represents the larger coal interests in the bituminous region of Pennsylvania, made the following statement regarding the coal schedules:

The duty on bituminous coal imported from any other country is in the present law 67 cents per ton, on slack coal 15 cents per ton. The new bill does not disturb these duties except that it provides that when any country or province which produces coal will admit their product into the United States upon like terms, in other words, reciprocity pure and simple.

The Pittsburgh coal operators are usually a unit in favor of this proposition and so agreed before the Ways and Means Committee. The Eastern and Middle Pennsylvania operators are not unanimously of this opinion, and in the non-sections of the country may be benefited it is not by any means certain that the change will be generally beneficial. But as the reciprocity idea was favored by both Stinson and McKinley it is thought by many it will be well not to oppose it too strenuously.

Being myself a standstill I never quite saw the wisdom of reviving the tariff issue, and I am inclined to believe that seemed to be out of joint, either up or down.

BIG ORDER GIVEN FOR ALL-STEEL COACHES

Pennsylvania Railroad Orders 135 Steel Sleepers To Be Used For New York Traffic.

The first big order of all-steel sleeping cars to be produced in this country will be built for the Pennsylvania railroad and the Pennsylvania Lines West by the Pullman Company.

The car concern will start at once on the construction of 135 of the all-steel cars. Only four cars of similar construction have ever been built, these being for tests. The average cost of each car will be about \$35,000, so that the contract calls for a total expenditure of over \$4,500,000. The cars are to be ready for operation not later than June 10, 1910, and will be used on all fast trains entering the station now in course of building in New York City.

It is thought that the New York Central, the Baltimore & Ohio and other roads competing for passenger traffic in and out of New York will be forced to improve their equipment.

MINE DEPARTMENT IS PLANNED FOR STATE

Representative Bentley of Washington County Presents Bill in Legislature at Harrisburg.

A bill has been presented to the Legislature by Representative Charles Bentley of Washington county, creating a Department of Mines to be operated by a Commissioner of Mines to be appointed every four years by the Governor, and to receive \$6,000 per year. The applicant for the position is to have had 10 years' experience as a miner and have the qualifications of a mine inspector.

This bill is supplemented by another provision allowing a Chief Mine Inspector of the bituminous district. His salary is to be \$4,500 per year and the tenure of office four years. His selection is to be made from among the on mine inspectors receiving the highest grades at the last annual inspection examination. He is to be stationed at Pittsburg.

FURNACE OVENS NOW SUSPENDING; GENERAL PRODUCTION CURTAILED; COKE MARKET REMAINS LIFELESS.

Republic Iron and Steel Company Shuts Down Another Big Plant and Other Ovens Supplying Furnaces Are Reducing Their Output—Good Demand for Foundry Coke a Bright Spot in Situation.

The Weekly Courier says today:

Aggregate production in both regions has been further falling off since last week. The Republic Iron and Steel Company has shut down another big plant, and other ovens supplying furnaces are reducing their output. The coke market remains lifeless. The Republic Iron and Steel Company has shut down another big plant, and other ovens supplying furnaces are reducing their output. The coke market remains lifeless.

At this writing upwards of 1,400 standing car loads of coke remain in the region and many yards of operating plants are stocked with coke, in addition to the standing loads. This is something of a reduction from the number of standing loads one week ago. The low prices for furnace coke, coupled with the surplus on hand, points to probable further cutting down of production throughout the region, unless there is a decided change for the better in conditions.

During the week, there was but a single increase in operations at any works in the region, this being at the new Royal plant of the W. J. Bailey interests where the number of ovens in operation were increased from 70 to 110. Fifty additional ovens are being fired at the same plant this week. Royal works are expected to be running at full capacity within a few weeks as the Bailey concern needs the coke to take the place of production at other ovens which have been banked within the past 30 days.

Aside from these above mentioned the following decreases in operations were made during the week throughout the region: Bethlehem plant of the Bethlehem Steel Company 20 ovens banked, closing down the plant; Burchinal plant of the Burchinal Coal & Coke Company 15 ovens banked, closing down the whole plant; Carnegie plant of the Carnegie Steel Company 40 ovens banked, closing down the whole plant; Republic plant of the Republic Iron and Steel Company 120 ovens banked, closing down the whole plant.

At several plants where coke has been banked recently for some weeks, the shales are blocked with cars. Although furnace coke remains a glut on the market, the demand for foundry coke holds up very well and there are plenty of inquiries for it.

With many plants idle, the normal amount of 72-hour coke turned out is greatly lessened and this accounts in part for the good demand for foundry grades, coupled with the fact that there seems to be increasing activity among foundries throughout the country.

The steel situation has not shown any special improvement during the week and matters are still very much unaltered, there, with the likelihood that no new keynote will be struck until something definite is known as to the action of Congress on the tariff. The latter remains the central fact in the situation and until it is settled, Connelville region interests do not look for any important changes in conditions. The general pig iron market remains quiet but there is considerable activity in foundry iron. Foundries are buying more raw material all along the line than has been the case for six months.

There has been practically no change in coke prices which remain weak, although the understanding among fifty independent producers of the region is to sell to first-grade furnaces at least at \$17.50 spot, remains in force and helps to sustain the market. Concerns outside of this understanding continue to sell at lower prices. Coke brokers in Pittsburg and Philadelphia continue to take the market for low-priced lots of coke but are not getting as much as they offer to take, which would indicate that the interests they represent are continuing the old policy of trying to beat down prices by using an agent.

Quotations are as follows: Spot furnace coke, \$1.65 to \$1.75; furnace coke for delivery during the last three quarters, \$1.75 to \$2.00; according to grade; spot foundry coke, \$2.00 to \$2.25; foundry coke for delivery during the last three quarters, \$2.00 to \$2.25, according to grade. Some contracts for foundry coke covering the second quarter have been made during the past week.

Another trip to Harrisburg will be made by the representatives of the independent coke interests early next week; the delegates having failed to meet with the House Committee at their meeting this week, owing to the unusual and unexpected amount of business brought up and time consumed at this week's session of the law revision matter.

The men who went down to Harrisburg Tuesday returned home last night, and while they had not accomplished the purpose of their trip, they are not at all discouraged, and are rather impressed with the way in which they have been received. These men are O. W. Kennedy of the Orient Coke Company; Attorney J. R. Gray, a man interested in many concerns of that type; Harry Whelple, one of the Whelple brothers, connected with the Royal and other works; and William A. Stone, of the Waltersburg and Stone interests.

The House Committee heard the delegates from the "thin vein" region, namely the Pennsylvania and Clearfield county folk. These men seem to be at loggerheads with nearly every important provision of the newly proposed code. The local men do not make so many objections to the law, their being confined principally to the manner of blasting in the mines, although a few other points are touched upon in common with the others' objections.

When the men go next week the W. J. Bailey interests, which are so extensive, will be well represented. T. J. Mitchell, who could not go, will accompany the above named gentlemen, and others when they go next Tuesday.

Asked now the attitude of the House Committee seemed on the code, one of the delegates said it could not be determined as the committee were awaiting the hearing of all the objections from the several districts before any indication could be had as to its intended line of action. This region has a member on the House Committee, Assemblyman Uriah F. Highbotham, of near Brownsville. There were forty delegates present, from the several divisions of the State's industrial fields. Nearly all the other men were heard. The Connelville region men are more than hopeful of the success of their mission as they will have the undivided attention of the committee on their arguments, since the others have stated theirs, and because the objections to the code from this region are not so numerous.

A special meeting of the Independent Coke Producers' Association has been called for Monday afternoon, and here some of the points brought out in the able arguments of the other representatives will be presented, while it will be definitely determined what additional delegates are to go from this region Tuesday.

The Coke Producers' Association as an organization is not appearing in the matter, but is interested simply through the personnel of its officers who are leading officers in the many independent concerns composing the association.

Chairman Wallace acted as spokesman. He delivered the usual instructions that there must be no drinking on the part of members of the force. He was unusually severe concerning this part of the orders. Mr. Wallace called attention to several reports of intemperance he had received.

Loitering on the street in doorways and about the corners is doomed. If the coppers carry out their instructions along this line, the members are also scheduled to do some "artful dodgers," if the police pursue them according to instructions. The officers were told to arrest every man caught using bad language in the presence of ladies, or insulting them in any way. In other words, the police were ordered to clean up the town.

A meeting of the Police Committee will be held in a few days to continue the work of the officers, together with the time set for them to report. It is said that the South Side is to have an officer stationed in that section. If this is true, the Savages there will find it necessary to calm down. It is expected that two officers will patrol the West Side, as heretofore, while there is no danger of Brimstone Corner being neglected.

Following short remarks by Burgess Evans and members of the Police Committee, Chief Rottler, representing the men under him, assured the Police Committee that the force would use every effort to carry out all instructions to the letter.

on a charge of horse stealing, was arrested today at the home of his father, Joseph Gratz, near here, and lodged in the county. In 1903 Gratz is alleged to have stolen a horse and buggy owned by a rural mail carrier. He was indicted, but disappeared. He arrived in Chicago Monday in

BIG ROAD BILL STRIKES A SNAG.

Philadelphia-Pittsburg Measure Is Recommended in House.

ENCOUNTERS MUCH OPPOSITION

Morrison of Beaver County and Fair of Westmoreland County Offer Amendments, the Former Being Adopted.

Harrisburg, Pa., March 15.—The Ambler cross-state highway bill, which embodies the idea of Governor Stuart, was passed on second reading, but recommended to the appropriations committee after encountering a storm of opposition in the house of representatives.

The bill was called up by Mr. Ambler, but had hardly been read before Mr. Morrison, Beaver, moved to amend it so as to carry the road to the Ohio state line instead of stopping it at Pittsburg. This was agreed to, but another proposed amendment, offered by Mr. Fair, Westmoreland, was voted down. It provided that the road should be thirty instead of sixty feet wide, and Dr. Fair contended that the highway could not be built for anything like \$5,000,000 if it was made fifty or sixty feet in width. Mr. Altman, Juniata, questioned the wisdom of keeping trolley lines off the road, especially in mountainous regions.

Mr. Cressy, Columbia, one of the granger leaders, denounced the project as extravagant, saying it would cost nearer \$25,000,000 than \$5,000,000 and that the trouble in the state was that Pennsylvania had no system or plan for building roads. The highway department, he declared, had experienced many difficulties due to the lack of a system. He also contended that the people in the bulk of the country "care nothing about the big road, but did want small roads constructed."

Mr. Rockwell, Tioga; Mr. Baylen, Erie, and Mr. Moscrip, Bradford, all northern tier men, attacked the project as expensive beyond the means of the state, and Mr. Wolf, Union, predicted that it would lead to graft.

"This state," said he, "does not know the first principles of the building, and that's shown by the fact that it costs \$10,000 to \$12,000 a mile to build roads."

Following speeches in favor of recommending the bill by Mr. Kloss, Lycoming; Magee, Allegheny, and McDowell, Chester, this action was taken, the bill passing second reading with that understanding. The appropriations committee will study out the financial end and ask for estimates.

According to the appropriations committee lists a total of \$24,927,000 has been asked by charities of the state for the coming two fiscal years. The departmental appropriation bill will amount to \$26,500,000 in round numbers, so that the legislature is confronted with requests for appropriations in excess of \$50,000,000, and a revenue of about \$44,500,000.

ARRESTS EXPECTED TODAY

Pittsburg Graft Investigation Reaches the Critical Stage.
Pittsburg, March 15.—Indictments and arrests as the result of the grand jury graft investigation will occur this afternoon, according to admissions by District Attorney Blakeley. He expects the inquisition of witnesses to be completed at noon.

Important information is expected to be secured from two witnesses subpoenaed last night, indicating, although the grand jury probe is nearing an end, that it works by no means completed. Unusual features in the description of the indictment and the specification of the defendant mark the suspense served upon many of Pittsburg's foremost citizens.

BAD CIRCULATION

Causes Piles—External Treatment Won't Cure Them.

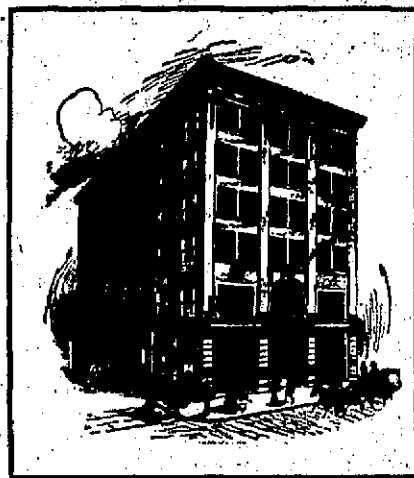

Free circulation of blood in the lower bowel will cure any case of piles. Piles may be due to constipation or any of a dozen other causes. Dr. Leonard's Hem-Roid, the only internal tablet remedy for piles, opens a free circulation in the bowel, and cures the cause. 24 days' treatment is sold for \$1 at A. A. Clarke's and is guaranteed fully. Dr. Leonard's Co., Station B, Buffalo, N. Y. Write for booklet. 12

DR. LEONARD'S

Throat and Lungs

and get the protection against colds and coughs. If you have a cough, sore throat, or any of the above, take Dr. Leonard's Cough and Lung Cure. It is a sure cure for all of them. It is sold in bottles of 25 cents and 50 cents. Free booklet on request. Write to Dr. Leonard's Co., Station B, Buffalo, N. Y.

CURE

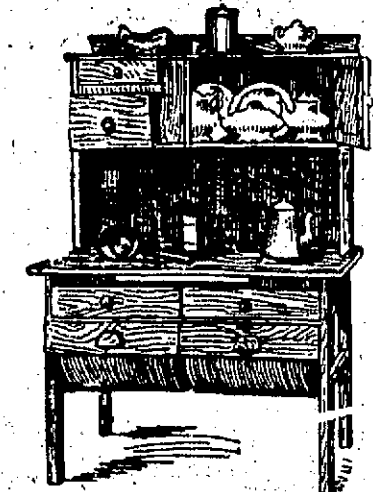

"It's Better Than a Show"

Because it not only displays everything that is new in the way of Furniture, Carpets, Rugs and Household Furnishings, but gives you a chance to buy them at Reduced Prices, while they are crisply new. There you have the whole story of our popular

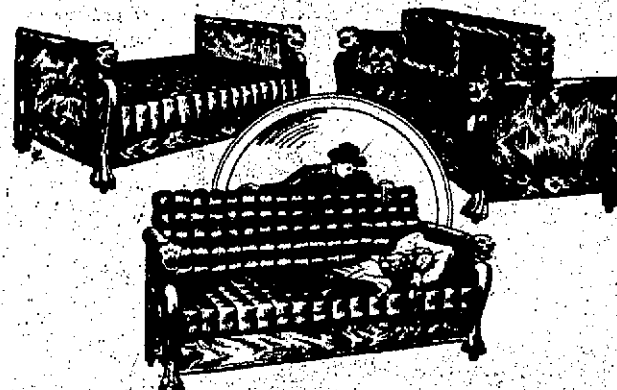

Anniversary Sale

AND HERE ARE A FEW OF THE DANDY BARGAINS:

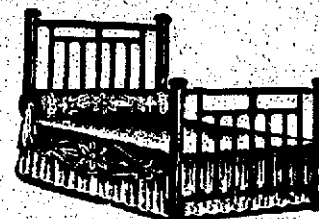

Aaron's Kitchen Cabinet.

Here is a Kitchen Cabinet that cannot help but interest you. The picture tells almost the whole story. The base contains a sliding floor bin hung on steel rollers. The top measures 25x40 inches and is made of satin walnut; Anniversary Sale Price. **\$8.75**

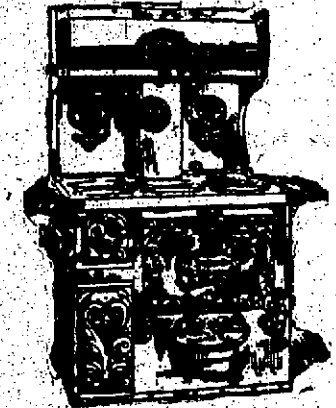

Aaron's Special Sofa Bed Davenport.

One-half of our entire fourth floor is occupied for the display of sofa bed davenports. We show them in velvet, fabricoid, leather and genuine leather. Every one of our davenports can be used as a sofa bed during the day and a comfortable bed during the night. We guarantee the operation of every sofa bed to be entirely satisfactory. The prices run from \$150.00 to **\$19.75**

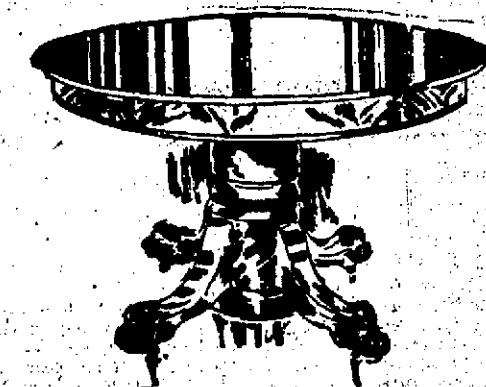

Aaron's Brass Bed.

This is a solid brass bed; has posts 2 inches in thickness; interior fillings 5/8 inch in thickness; head posts are 58 inches high. Considering the style, construction, finish, etc., of this bed, it is undoubtedly the premium offer in brass beds. Anniversary Sale Price **\$13.75**

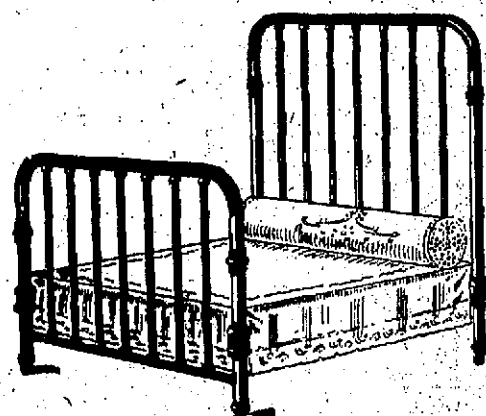

Aaron's Steel Range.

A high grade Steel Range of modern type will do more work with less fuel than any range to be had. Full nickel-plated heavy castings, 18 inch oven and large warming closet. We guarantee the linings of this range for three years. Anniversary Sale Price **\$35.00**

Aaron's Pedestal Extension Table.

This solid oak pedestal table is a value that cannot be overlooked. It is finished in a rich golden polish. The top is 45 in. in diameter and extends 6 feet. The pedestal is massive with heavy hand carved claw feet. Anniversary Sale Price **\$13.75**

Aaron's All Brass Bed.

Here is a great brass bed offer—something that has never been offered to you before in the way of a good brass bed, the lacquer which we guarantee to be perfect and will not tarnish; 2-inch continuous posts; seven good size fillers, full size, always sold for \$35. Our special during this great Anniversary Sale **\$19.75**

Rugs, Linoleums and Curtains.

This great carpet and rug department comes to the front with splendid values in floor coverings, one of the most interesting features of the Anniversary Sale. The beautiful new styles and bright new colors in spring goods in rugs and carpets. Following are a few of the many sterling opportunities which the immense department abounds. All carpets are made, laid and lined free by expert workmen.

THURSDAY EVENING, MAR. 18, 1932.

THE NEW TARIFF BILL
AND THE COMING BOOM.The new tariff bill has been reported
to the House and its provisions
ought to be satisfactory to the radical
revisionists. The reduction in steel
and iron products are sweeping; much
too sweeping, we should say, to be
embodied in a law.But the bill is not yet a law, and be-
fore it becomes a law it will probably
be subjected to material modifications
in the iron and steel schedules as well
as in many others. The placing on the
free list of some western production
will arouse the antagonism of that hot-
bed of radical revision.Perhaps the worst feature of the
tariff legislation in the present finan-
cial and commercial condition of the
country is the necessary delay in its
passage through the Congress. It will
have a swift trip through the House,
but it is likely to drift long in the slip-
sandy current of the Senate.In the meantime, business generally
will hesitate and linger along the way
because buyers will place orders for
no more tariff-protected manufactures
than will meet their urgent require-
ments. In the meantime, the country,
and this community especially, will
have to grin and bear it. The situa-
tion demands patience and confidence.There is no reason why we should
doubt the outcome. Those in position
to see clearly into our industrial future
are almost without exception highly
optimistic regarding it, and their views
are founded in reason.When the tariff question is finally
determined, American industries will
adjust themselves to the new condi-
tions; waiting buyers will have no
further incentive to delay their orders;
those orders will have grown big in
volume and urgent in character; to fill
them will tax the capacity of our
mines and furnaces and mills. In
short, the industrial world will be gal-
vanized into activity; the business
boom will be on once more.The boom will be due before the
Good Old Summer Time has run its
course.THE RUMORED BIG DEAL
IN STEEL AND COAL.In spite of the depression in steel
and iron circles, a depression which
is most acutely felt in the Connelts-
ville coke region, and which perhaps
more than any other cause inclines to
make us pessimistic about big plans
for the future, rumors of such plans
are persistent. It is true they are un-
official, but they have come from who
have heretofore been held to be reli-
able news sources, and a time-honored
bit of philosophy tells that where
there is much smoke there is usually
some fire; ergo, where there is much
rumor there is usually some fact.The report that the bulk of the en-
tire Greene county coal field has been
sold to the United States Steel Cor-
poration through J. V. Thompson at a
price aggregating \$50,000,000, is quick-
ly followed by the unofficial announce-
ment that the independent iron and
steel interests are to be merged into
one big corporation with capital run-
ning into the hundreds of millions,
making a worthy rival of the United
States Steel Corporation.While neither story is vouched for,
both have all the elements of possi-
bility, but if they prove nothing else
they indicate plainly that there is a
firm faith in the future of the iron and
steel, and collaterally of the coal and
coke trades, a faith which shines un-
dimmed amid the clouds of tariff re-
vision through these and other indus-
tries are now passing.

BUSINESS NOT SO BAD:

DON'T BE A PESSIMIST.
The coke trade is a good barometer
of business in the Conneltsville coke
region, and while the statistics for last
week are not so encouraging as they
might be they are not, on the other
hand, materially bad. The falling off
has been but a trifle over 3 per centum
in production, not more than an average
fluctuation.If the people of the region would
only believe it, business is not wholly
discouraging. It has been immeasur-
ably worse many times before. It is
better than it was a year ago, and it is
not likely to be much worse before it
gets much better.The trouble with many people is
that they thought the election was the
last disturbing factor to business. They
overlooked the effects of tariff tinkering.
In spite of the latter, we are get-ting on some. The Conneltsville re-
gion have 23,000 ovens in blast as
against 10,000 a year ago.
Don't be a Pessimist.If the police follow strictly the in-
structions to arrest every man who
uses foul language in the presence of
ladies, they will have plenty to do and
the revenues of the borough will take
on a material increase. We need the
money and the ladies need the protec-
tion against senseless and indecent
verbal vulgarity.Representative Bentley of Washing-
ton county wants a new deal in the
State Mining Department. The deal
ought to include a head whose know-
ledge of mining methods was not con-
clusively gained in the anthracite re-
gion.It costs money to skate too freely
around and over Conneltsville.J. Pierpont Morgan says he is get-
ting too old to finance another big steel
deal. Yes; or too cautious of the
consequences.The Police Committee only voiced
public feeling in placing the police un-
der the absolute control of the Borough.
Without this power, the latter cannot
be held responsible for the good order
of the town; with it, he can. The peo-
ple want the Borough to have full con-
trol. They have suffered too long from
the miserable conditions due to divided
and consequent negative responsibility.

Good maple sugar weather.

Now that the town has been redi-
rected and a new Board of Health ap-
pointed, it is to be hoped that sanitary
conditions will be swept cleaner than
ever before, and that somebody will
read the water gauge.Somerset reports a naval engage-
ment.Violent horses and vicious boys
need the strong arm.The center of the coke region has
been temporarily transferred to Harris-
burg.The Italian member of the Connelts-
ville police force will wear the Black
Hands with his Brass Buttons.The sheep and the goats of the jail
scandal are being slowly separated."U. S. Steel grabs big coal beds,"
says the United States Gazette refer-
ring to the Pittsburgh story about the sale
of the Greene county coal field. At fifty
million a grab-it will perhaps be ad-
mitted that the Steel Trust didn't steal
anything.The all-steel Pullman car has come
to this. It may be a little more heavy
to pull, but it will be harder to wreck.There was quite a bit of fancy cut-
ting up at the Army last night.A chain of meat markets is being
established throughout this region.
The sausage link will be largely used.The new mining legislation in the
Pennsylvania Legislature is the subject
of much earnest dispute between The-
ory and Practice.There is enough talk about big steel
and coal deals. We will hope there is
a proper understanding of the facts
upon which the talk is based.Physicians cannot always heal
themselves.If the new police broom sweeps
clean much will be forgiven.Sheriff Johns will perhaps be per-
fectly willing to have somebody else
take the jail off his hands, but not
more so than the Sheriff of Westmore-
land county who is allowed only 12½
cents per day for boarding prisoners.The inheritance tax is on its way
up Washington, but the income tax has
not been sighted yet.If the tariff on gloves is increased,
the country can fall back on the mitts
like mother used to make.The cut in the iron and steel sched-
ule of the tariff is a deep one.The Pennsylvania Pure Food bill
permits a little soda on the side.The perennial Fayette City Local
Option Regular has made its ap-
pearance at Harrisburg. This sounds like
a good year to get it through.The scene of the Henry Reid Night.
Uniontown Standard.A \$50,000,000 coal sale by a Fayette
county citizen is something for an en-
tire county to talk about. It could hap-
pen or it might happen, and it could
happen no place but in Fayette; so
the paper is right in one important
particular, to wit, that of locating the
person who can make such a sale.An Honest Confession.
Uniontown Gazette.There is a movement among the
property owners of that part of North
Union township adjoining the borough
in favor of annexation. Come in, neigh-
bors, we need you, especially since Con-
neltsville and New Haven have consoli-
dated and are claiming to be the met-
ropolis of Fayette county.

WEATHER FORECAST.

Western Penna.—Fair and warmer
today; rain Friday.They Are
Coming BackBack to this store of yours.
Customers that for one reason or
another have not been in this store
for quite a while. Sort of a home-
coming for some of them. In times
like these, when every dollar
spent must be wisely and well
spent, there are coming back to a
dependable store. Coming back to
a store that is a home store for
so many people in this vicinity.
Coming back to a store that does
not put price before quality.
Coming back to see the very best
collection of spring fabrics and
garments this store ever had to
show. They are coming back and
you'll recognize familiar faces as
well as us if you pay this store a
visit any of these days. If you
have overlooked this store in your
shopping in months past, we are
anxious to have you come back.
See how much like home this store
will seem to you. See if it can-
not serve you better than you
have been served while you were
away from your home store.

Anderson's Gingham

At 25c the yard. Genuine
Scotch Zephyr Gingham. Pretty
patterns in checks and plaids and
stripes. A dainty fabric that is
not equaled by any other weave at
any thing near this price. Forty
pieces to choose from now.

New Gloves

New shades and colors in the
Centimeter Kid Gloves at \$2.00 the
pair. Centimeter Gloves fit the
hand. That's one special in their
favor besides the service that
they give. Every pair guaranteed.
Have also a glove made by the
Centimeter in white to retail at \$1
the pair that's the best dollar
glove we ever had to show.

Silk at \$1 the Yard

Have you seen the new silks
we have to show at \$1.00 the yard?
A showing here now that are
especially proud to have you see.
Most of these worth at least a
quarter more on the yard.

Suits at \$20.00

This suit department has a num-
ber of new suits to show. This
week at this price. Suits that are
well made and of good material.
Neatly trimmed and a touch of
style that belongs to higher priced
suits. A competent party in charge
of our alterations rooms to make
any little changes necessary to
insure a perfect fit. Other suits
here at prices up to \$50.00 but we
call attention to these \$20.00 suits
because we want you to know just
what this suit department can do
for you.

Children's Dresses

Sizes 1 year to 14 years and
prices at from 50c up to \$20.00.
The 50c ones made of good qual-
ity gingham and in sizes up to 14
years. The \$20.00 ones in sizes
12 and 14 years; white and elab-
orately trimmed with lace and em-
broidery. Plenty to show all
prices in between these two. Made
by people who have made the mak-
ing of children's dresses a study
for years. Made as you would
have them made. Save you lots
of sewing once you see the dresses.

Carpets and Rugs

Believe that we have the light-
est and prettiest carpet room in
this vicinity and the prettiest line
of rugs and carpets we have had
to show for some time. Believe
we can save you some money on
your purchases if you will come in
and let us figure with you on your
carpet wants for example. A Stin-
son Tapestry Rug, 9x12 feet, at
\$22.00, or a 8x12 Body Brussels Rug
at \$25.00, or an Electric Axminster
Rug, same size, at \$37.00. Assort-
ment is complete now.

D. M. STAUFFER'S BIRTHDAY PARTY.

Scottdale Man Is Helped to Celebrate His Birthday Anniversary.

NUMBER OF FRIENDS ASSEMBLED

In the Evening—Obituary of Elizabeth T. Holmes—Well Known in Both Counties—Other News From the Mill Town.

SCOTSDALE, March 18.—There was a pleasant surprise party given last night at which Daniel M. Stauffer, of East Home Place, was the object of congratulation and good wishes of friends, the day being his 50th birthday anniversary. Friends gathered in at the Stauffer home early last evening, and a most enjoyable time was had. For some of the guests it was the first time they had visited the new house of the Stauffer's which was built this year. Music, games and a sumptuous lunch were features of the evening. Among the couples present were Mr. and Mrs. A. R. Loucky, Mr. and Mrs. Solomon Butler, Mr. and Mrs. J. L. Hough, Mr. and Mrs. Edward Workman, Mr. and Mrs. Lloyd Hough, Mr. and Mrs. Harry Usher, Mr. and Mrs. Eli Stauffer and family, Mr. and Mrs. T. W. Porter, Mr. and Mrs. C. W. Stone, Mr. and Mrs. J. N. Stoner and a number of younger folk.

More Interesting Pictures. Porter & Stoner's store window is getting a reputation as being the show spot for interesting photographs, the latest shown there being some of Arthur J. Porter and a trained colt that he has, and that has been taught a number of clever tricks that are shown in the picture, see-sawing, sitting up, etc.

Makes Sugar Water Run. "This is the kind of a morning for sugar water," said Constable Daniel Guffney, who used to tap the maple trees for sweet water. He went on to say that the tree-sucking nights and the sunny days are just the ones that make the flow of sugar water, and that the last couple of days have been right for the maple syrup crop.

Elizabeth Holmes. Elizabeth, wife of Calvin T. Holmes, was buried at the Pennsylvania Baptist Cemetery Monday and leaves behind her the memory of a woman of devotion, high purpose and generosity, that endeared her to many friends and relatives in Westmoreland and Fayette counties. Her lifetime closed on Saturday at the age of 78 years, after a lingering illness. Death came when she and her husband had been making their home recently with Mr. and Mrs. John J. Jarrett of Loucky avenue, an only child of the former, who like his wife was married twice. Mrs. Holmes was born in Dunbar, the daughter of the late David and Anna Wilson Harbaugh. Her first husband, Sylvester Wilson, died in the army in 1868, and she remained a widow until 1878, when she married Mr. Holmes, then a resident of Scottdale. The couple liv-

ROYAL BAKING POWDER

The finest, most tasteful and wholesome biscuit, cake and pastry are made with Royal Baking Powder, and not otherwise. Royal is the only Baking Powder made from Royal Grape Cream of Tartar.

ed in Scottdale and its vicinity the most of the time since then, and recently came here again from near Woodville. She is survived by her husband and two brothers, Samuel Harbaugh of Vanderbilt, and David Harbaugh of Orlando, Oklahoma, and one son, Sylvester Wilson of Iron Bridge, and a son, Frank Holmes of Scottdale.

Millinery Opening. The Brown Millinery Company in the Overholt building, on Pittsburg street are inviting all those interested in the latest pattern hats to their millinery opening on Friday and Saturday.

Of a Personal Nature. Misses Ethel and Mae Dohaven were among those to see "The Time, The Place and The Girl" at the Soloman Theatre, Connellsville, yesterday.

Mrs. Hester A. Anderson and Mrs. F. R. Parker visited friends in Connellsville yesterday.

Miss Mary Kate Strickler and Miss Gertrude Hoffman were visitors, to Connellsville yesterday.

Notice. To My Patrons: I have found it necessary for the benefit of my health, that I take an extended rest from business, and I have accordingly leased to Harry M. Bitner and John A. Grant my fixtures

and business location for one year beginning March 20th, 1909. Mr. Bitner and Mr. Grant are gentlemen of experience in the most business and are well qualified to serve my patrons, and I bespeak for them a continuance of your patronage. Thanking you for your former valued patronage, and hoping to be able to again serve you in the future, I am,

Yours very respectfully, E. U. HETZEL.

Death From Water.

UNIONTOWN, March 18.—Tillie May Huston, aged 19 years, daughter of Mr. and Mrs. J. W. Huston, Cleveland avenue, died last evening at 5:15 o'clock of typhoid fever. Bad water is thought to have been the cause.

Here's This.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

WALDING, KINNAN & MARVIN, Wholesale Drugists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 15 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

STOMACH MISERY IMMEDIATELY RELIEVED.

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion in one of its stages, and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, distress, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

Mi-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, Mi-na will relieve instantly.

But Mi-na unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices

are produced. A large tin box of Mi-na tablets costs but 50 cents at A. A. Clarke's drug store and are guaranteed to cure or money back. When others fail, Mi-na cures. Read this voluntary statement.

"I have used Mi-na for stomach trouble and indigestion. The use of Mi-na cured me of constipation, inability to digest my food, hard, dull pains in my side and through me. There are no words strong enough to express my good opinion of Mi-na." E. Bromley, Court Street, Otago, Mich., Oct. 8, 1908.

Mi-na sold in every town in America.

Booth's Laxative Pills for constipation. 25 cents at A. A. Clarke's drug store.

PILES QUICKLY CURED

Instant Relief, Permanent Cure.

We want every man or woman suffering from the excruciating torture of Piles to fill out the coupon below, enclosing 50 cents and receive by return mail a full size box of David's Ointment, the most effective and positive cure ever known for this disease. If you are not perfectly satisfied with the benefit received, after using the entire box, notify us and we will return the money of course. What could be fairer? Your money is merely on deposit, with us until your satisfaction is established. David's Ointment is no accident; it is the result of years of practical work and research of a noted specialist. Don't undergo an operation. Operations are rarely a success and often lead to terrible consequences. David's Ointment reduces all inflammation, makes congestion, irritation, itching sore and ulcers disappear, and the Piles simply quit.

COUPON. Mail Today.

Fill out blank lines below, enclosing 50 cents and mail to David Brothers, Juniors, Pa., and a full size box of David's Ointment will be sent you at once in plain wrapper.

Change of Management Sale AT THE LEADER, FRIDAY, MARCH 19, AT 9:00 A. M.

Alfred J. Kobacker, the new manager, will throw the doors open with the greatest sale ever conducted in this vicinity. It is the determination of the new manager to remodel and enlarge THE LEADER STORE into one of the best and most up to date women's stores in the county. Before so doing the entire

\$15,000 Stock Must Be Sold Within the Limited Time of Ten Days Regardless of Cost or Value. Give this Your Attention.

This gigantic sale affects you individually; look carefully through this list, make a note of the unprecedented reductions and figure up how much this means to you in dollars and cents. Ask yourself if you can afford to delay your purchases and pay double, or at least one-third more for goods you really need perhaps in the course of a few weeks. You surely cannot; your good judgment will bid you come.

MUSICAL CLUB GIVES PROGRAM.

Holds First Open Meeting
in Church at Dunbar
Last Night.

SELECTIONS ARE ENTERTAINING

Miss Clara Carroll and Others Sing
While Instrumental Selections Are
Also Rendered—Given Club's History.

DUNBAR, March 13.—The Fort-nightly Music Club gave its first open meeting last night in the Presbyterian Church. A very pleasing program was given, which was opened by a piano duet by Miss Martha Orser and Mrs. W. H. Williams. Miss Orser and Mrs. Williams gave a short history of the club which was organized in the fall of 1907, after which Miss Clara Carroll sang "I Arise From Dreams," which was well received, then followed a vocal duet by Clara Carroll and W. H. Williams. A very pleasing part of the program was a reading by Miss Mildred Hutchinson of a letter entitled, "Two Home Comings." W. H. Bowden and Mrs. Williams gave two selections of descriptive music from the opera William Tell and Peer Gynt. Mr. Bowden giving a short sketch of the composers and their works, and Mrs. Williams rendering the selections on the piano. This feature of the program elicited great applause. Another feature of the evening was a song composed by a member of the club, W. H. Williams, set to the words of W. W. Langford entitled "Allah." The performers of the evening would not respond to the encores, but on request Miss Hutchinson gave a reading on the story of the signing of the Declaration of Independence which was very well done, and W. H. Williams sang "Ah! 'Tis a Dream," a very effective manner, although not on the program.

At the close of the program a social hour was spent during which time refreshments were served by the members of the club. Visitors were present from both Uniontown and Connelville.

OPPOSED TO PAYNE BILL

Amalgamated Officials Declare It In-jurious to Workingmen.

Washington, March 18.—The work-ingmen of the country employed in the iron and steel trades view with alarm the Payne tariff bill, accord-ing to a statement issued by T. L. Lewis, vice president, and John Williams of Pittsburgh, secretary-treasurer of the Amalgamated Asso-ciation of Iron, Steel and Tin work-ers. The statement is as follows:

"The tariff bill presents so many and drastic reductions in the iron and steel schedule as to be viewed with alarm by the workmen em-ployed in those industries included in that iron and steel schedule and other industries dependent thereon, especially at this time following a period of depression, with hundreds of thousands of American workmen idle and actually asking for bread. The bill as presented literally hands them a stone. Employees of Amer-ican tin plate mills will strenuously oppose the recommendation in the bill on the drawback feature as ap-plied to the tin plate, as they be-lieve they should secure the work now done in Wales and imported un-der the provisions of the drawback feature.

"We are satisfied that there will be universal protest against the sweeping reductions included in this bill, hence we request the considera-tion of each and every item, to the end that the American workmen shall be protected in their labor."

MONTE CARLO GIRLS TONIGHT.

Lively Burlesque is on the Boards at the Casino Theatre.

The Monte Carlo Girls will be here tonight with their classy burlesque show. There are two good burlesques and an olio of merit. The show comes here with a reputation of giving sat-isfaction and it is said to please the lovers of burlesque.

There is a bevy of pretty girls in the cast, some good comedians, and last, but not least, Martuch in her "classical" dance. This promises to be one of the best burlesques seen here this season.

At the Casino Theatre tonight. Prices 25, 35, 50 and 75 cents.

WRIGHT-METZLER CO.

Just as a Matter of News

It is definitely known that many of last year's "tailored suits" are being unloaded on the people of this vicinity this month. That is the principle reason why so many "rare values" are being offered right at the jump of the new season by many dealers. The Wright-Metzler Suit store has no last year's suits in stock. This statement ought to give assurance to those who don't watch fashions closely, but depend upon the advice of their dealer.

It's Worth While to Know Where to Go to Be Absolutely Sure of Your Style

absolutely sure that the price to you will be the lowest-known cost of that particular garment. There are no better values anywhere than are to be found in our garment stores. If there were better suits for the money WE WOULD HAVE THEM. If there was a lower price on any of these suits WE WOULD MAKE IT.

We've never been undersold by any one. We've never been (locally) approached in the mat-ter of correct style presentation or in the scope of our stocks. As the fashions of the directorie period still govern the modeling of all women's garments it is not a difficult matter to convince one (not an acute follower of fashion) that a last season suit is new, and even a thirty dollar suit of this description ought to sell at \$12.00 or \$15.00 now, for there is a vast difference in the direc-toire styles of a season past and those of the present time, an "out of style" garment is not a bar-rain at any price.

We present exceptional values throughout our stocks of ready-for-service garments for women. Our regular prices representing value in excess of the "sale prices" of many stores. This fact is due to our superior buying and selling facilities. We want you to distinctly under-stand that you may bring this advertisement to our store and we'll prove every statement it con-tains. We're offering the best suit values in the history of our merchandising and that means the best values in this community regardless of advertised prices. In addition to our regular matchless values we are able to offer you

An Extraordinary Suit Value

FIFTY \$25.00 SUITS AT \$19.75

Not regular stock, of course, for no concern could think of cutting prices at the very begin-ning of the season—people would not believe that for "common sense" would tell any one that that sort of thing is never done. Makers of suits buy full bolts of cloth, they have to; there's always some left, after orders are filled. These "remaining yards" have been made up into suits, scarcely two alike in the entire lot, but, that's all the better, serges, prunellas and fancy worsteds lined throughout with satin or messaline silk. They're from the maker of our best suits and we know how carefully they are made. Just as carefully as if it were regular stock. The styles are modeled from his best and newest designs and every size here in one or another brand new fabric.

This is positively the best value we've ever offered in the month of March. We wish the lot contained a hundred, instead of fifty suits, for they're bound to create a furor. You'll make more money than we will for while we bought them low we've only added our regular percentage of profit, but you secure a decided saving and the suit you buy is epic, span new just from the factory of the best maker of \$25.00 suits in this country.

\$19.75
